2019 – 2023

Gandhi Memorial Higher Secondary School, Thiruvennainallur.

CLASS XII

2018 – 2019

P R O F I L E

Dedicated and detail-oriented developer with expertise in HTML, CSS, JavaScript, React, Bootstrap, and media queries, seeking a position to leverage my skills in independently crafting and optimizing maintainable code. Eager to contribute to developing reusable components and enhancing client frameworks for caching, aligning with design specs and prioritizing functionality and performance.

P R O J E C T S

Hospital Management System Web Development

Developing a Hospital Management System website using HTML for structure, CSS for styling, and JavaScript for dynamic functionality, ensuring an intuitive user interface and efficient management of hospital-related operations and data.

IPL Clone Website

- Created a responsive IPL official website clone using HTML, CSS, and Bootstrap.
- Utilized front-end development technologies to replicate the UI/UX of the IPL official website, ensuring seamless user experience across devices.
- Led the project lifecycle from inception to completion, demonstrating strong project management skills and timely delivery of high quality results.
